16 Nov	Maths Science French Vocabulary PSHE Project ( <i>3 weeks to complete</i> ) Art
23 Nov	Maths Science English French Vocabulary ICT
30 Nov	Maths Science French Vocabulary Religious Studies
7 Dec	Maths Science French Vocabulary History Drama
14 Dec	Maths Science English French Vocabulary

### **What support will be provided for homework?**

- All homework will be set on Google Classroom, with due dates clear for students and parents/carers to see.
- Homework Club will run after school on a Thursday (Upstairs with SRA) for any student to attend if they wish to access more support with their homework.
- Maths Support will also run after school on a Tuesday (Room 3 with CHA) for specific Maths homework support.
- Homework should be appropriately differentiated for the students' ability and circumstances.
- Training with students around time management and other study skills will be completed in PSHE Lessons in Autumn 1. This will also be placed on Google Classroom for students to refer back to
- An OHA Weekly Planner has been created and placed on Google Classroom (OHA Year 7 Class) which students can use to plan their time effectively during the week to keep on top of homework and other commitments

### **What feedback will parents/carers receive about homework?**

- Homework will be marked and assessed. Feedback will be provided to the students after each piece of work.
- High quality homework and a good work ethos will also be praised in class.
- Non-completion of homework will be sanctioned in line with the school's behaviour policy.

### **How can you support your child with homework?**

- Create space for your child to complete their homework with minimal distractions
- Make sure your child has blocked time through the week to complete their homework – Try using the OHA Weekly Planner which has been placed on Google Classroom for students to view (OHA Year 7 Class)
- Contact the teacher if you have any questions or concerns about your child's homework
- Make it positive and offer guidance and encouragement
- If your child has a question about their work, help them, but try not to tell them the answer. Use questioning to help them get as close to the answer as they can.
- Let them make mistakes – It's OK for answers to be wrong
