

OHA Weekly Planner

This Weekly Planner can be used by all students to plan their week effectively to ensure they stay on top of homework, and complete it at a steady pace.

Follow the steps below and look at our example:

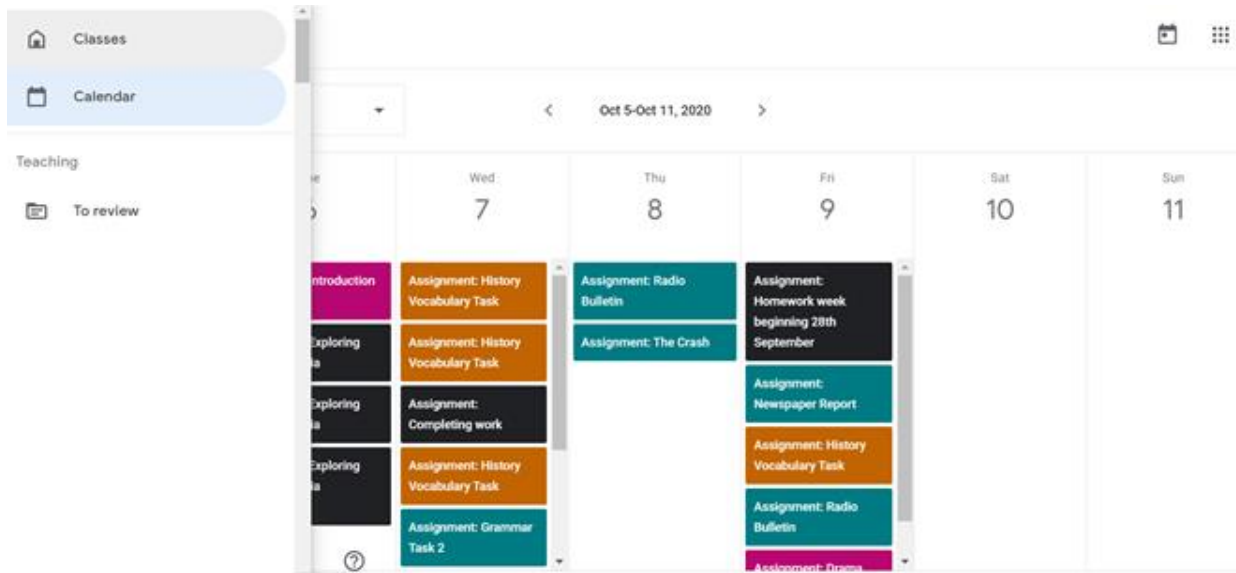

1. **STEP ONE** – Add in when you will be attending a school club
2. **STEP TWO** – Add in any other commitments you have. This may be a club outside of school or an evening activity you normal complete with your parents/carers or family
3. **STEP THREE** – Timetable what homework you are going to do each night. We would advise you refrain from doing homework at least 2 days, ideally at the weekend, to ensure you have a break and look after your own wellbeing.

In this section, we'd advise you timetabling 1 subject area per night.

You will be able to work out what homework you may have to complete by looking at the Autumn 2 Homework Calendar

You can also have a look on your Google Classrooms Calendar to see the due dates of this work

Your Google Classrooms Calendar will show you when all your homework is due in

This may be useful for you when deciding what homework, you will do each night, as you can prioritise the homework that is due in sooner.

To find this calendar, press on MAIN MENU in the top left hand corner of the screen, then CALENDAR

The Homework Calendar can also be used to plan out your week in advance. Remember, Science will be set every Monday and due the following Monday and Maths will be set every Tuesday for the following Tuesday. This might help you plan your week effectively!
